

ZAO Moody International Certification Holds 50th Lead Auditors Training Course

The start of 2008 has seen a number of significant milestones for the Moody International Certification division in Russia. First, on February 6th, the 100th Compliance Certificate was granted, then on February 16th, the company held their 50th IRCA (International Register of Certified Auditors) Accredited Training Course, a Lead Auditor Training Course for ISO 14001 Environmental Management Systems.

This training course took place in Nizhnevartovsk, Russia with TNK-BP representatives in attendance. With their training now complete, this group of specialists is now qualified to work toward implementation of ISO 14001 requirements within their organization.
