

Brighton (UK) Dragon Boat Race - Moody International Sponsors Trident Professional IT Services

Moody International was proud to sponsor Trident Professional IT Services at the annual Dragonboat Challenge. Trident provides IS support for Moody International's UK-hosted servers and systems as well as the four Moody UK offices.

Sussex businesses took part in the event by racing each other in 40ft Hong Kong style rowing boats. Teams were made up of staff from local employers such as American Express, Legal & General, Tesco, Asda, Campbell Reith Hill, Storrington Fire and Rescue and Goldstone Junior School.

The Dragonboat Challenge was started by The Mayor of Brighton and Hove, Councillor Ann Norman, and the winning team, Cyder Land Services, completed their race in just over a minute after some stiff competition from the other teams! Trident's team came in a commendable fifth place.

All sponsorship money went to the local Rocking Horse Children's Charity.
