

## A Quarter-Century of Achievements!

Congratulations to the following Moody offices for reaching the 25-year anniversary milestone! All personnel associated with these offices should be commended for hard work and diligence. The Moody Group wishes all of these offices many more years of continued successes and valued accomplishments.

 <p><b>ITALY</b> Moody International Srl Moody International Certification Srl</p> <p>Moody Italy, originally established in Genova, as "Moody Tottrup srl", then operated for 11 years in Dalmine as "MMI" (Maghraby Moody International) and finally becoming known as "Moody International srl". In 2001, Moody Italy moved to its current location in Brescia, where it is now also supported by a branch office in Taranto. Moody's operation in Italy has grown to become a very well respected technical service provider to both domestic and international Moody Group customers thanks to the diligent efforts of the technical and operational staff, and valuable insights of the local management group.</p>	 <p><b>SINGAPORE</b> Moody International QA Services Pte Ltd</p> <p>Moody International in Singapore is a prime asset to both the South East Asia region and the Moody Group as a whole. Providing vendor inspection services to various commodities, as well as and expediting services, and vendor audits, Moody Singapore contributes highly qualified personnel and an elevated work ethic to the Moody Group mission and commitment. Some major clients who have benefited from Moody Singapore's excellent services are Exxon, Aramco, KBR and Technip. Benefited by a valuable group of technical, operations, and management personnel, Moody Singapore is proud of its 25 years of operations in the region.</p>
 <p><b>MALAYSIA</b> Moody International (Malaysia) Sdn Bhd</p> <p>Moody Malaysia was originally established in 1982 as Moody-Tottrup (Malaysia) Sdn. Bhd. before changing to the present name in 1997. Moody Malaysia have matured from initially providing inspection and expediting services to now also include statutory inspection, technical personnel supply, vendor audits, management system certification, and technical training services. The valued group of management and staff in the Malaysia office form an integral part in maintaining Moody International's reputation as a truly worldwide technical service organization.</p>	 <p><b>SPAIN</b> Euromoodly / Moody Tottrup Eurocontrol Internacional S.L.</p> <p>From their offices in Madrid, Moody Spain provides an impressive list of services to Moody clients throughout the world. As well as vendor inspection and expediting services, the Moody operations in Spain provide services relating to regulatory inspection, civil engineering, quality management, OHP, design, drafting, testing, environmental, construction, telecommunications, and personnel training. Clients can also benefit from Moody Spain's certifications such as Authorized Control Body, Spanish Notified Body, and External OHP Service Certification. The management group in the Moody Spain office is truly proud of its operations and technical staff who have helped build this office to what it is today.</p>
