

RIO OIL & GAS EXPO AND CONFERENCE 2008

Rio de Janero, BRAZIL - Moody International and Randy Smith Training Solutions exhibited at the Rio Oil & Gas Expo and Conference in Rio de Janero, Brazil. This year the event took place from September 15-18, and attendance at the event reached 35,000+. The more than thirty-five thousand square meters of pavilion and exhibition area provided space for 1,200 exhibitors.

Moody International was well represented during the course of the show with staff and management attending from the USA and Latin America. Attendees included Edson Maia, Moody Brazil Marketing Manager; Sonny Perkins, Moody USA VP Business Development Latin America; Cesar Aulicino, Moody Brazil General Manager; Jaime Acero, Randy Smith Training Solutions Ops Executive Director Latin America. The conference allowed Moody representatives to meet with clients, recruit resources, survey competitors and explore new opportunities.

Fact: A leading oil and gas industry event in Latin America, Rio Oil & Gas Expo and Conference, takes place at Riocentro Convention Center in Rio de Janeiro every two years. Since its first edition in 1982, both the exhibition and the conference have contributed to build up Rio de Janeiro's reputation of being the "Brazilian oil capital". In fact, Rio de Janeiro State concentrates 80% of the oil produced in the country, along with 50% of the total gas production. The 2010 event will take place September 13-16.
