

## OHSAS 18001 Certification Award for Moody International UK

Moody International is pleased to announce the successful certification of the Moody Group Health and Safety Management System, to the OHSAS 18001 standard.

Following implementation of the Moody Group health and safety management system, including local legislative requirements, a successful pre-audit was initially completed in July 2009. Full audits were then conducted in October and November 2009 at both Moody International offices in Haywards Heath and Hamilton, UK.

Congratulations to the team involved in the implementation and certification - lead by Colin Temple in Haywards Heath and George Friend in Hamilton.
